Torek, 20. oktober 2020

We are still practising and learning about the comparison of adjectives and getting better and better (remember: good-better-the best ☺?).

soft softer the softest
big bigger the biggest
nice nicer the nicest
short shorter the shortest
good better the best
expensive more expensive
 the most expensive
appealing less appealing
 the least appealing

Vsa navodila in naloge so na voljo v spletni učilnici:
